

U. N. FORCES THAT LIBERATED SEOUL, "MOPPING UP" ON RED STRAGGLERS STILL RESISTING IN THE KOREAN CAPITAL; PRESS NORTH, PURSUING FLEEING ENEMY

**Deliverance of Korea's Ancient Government Seat from
Communist Invaders Announced by Both General
MacArthur and Headquarters of 10th Army Corps
—"Minimum of Casualties" Sustained.**

By Howard Handelman
(Far Eastern Director, I. N. S.)
TOKYO, Sept. 26—(INS)—United Nations forces that liberated Seoul were mopping up today on Red stragglers still resisting in the Korean capital, and pressed north in pursuit of enemy troops fleeing toward the 38th Parallel.

Deliverance of Korea's five-centuries-old government seat from the Communist invaders was announced Tuesday by both Gen. Douglas MacArthur and headquarters of the 10th Army Corps which accomplished the history-making feat.

The 10th Army communique, issued at 2:45 p. m. Tuesday (12:45 a. m. Tuesday EST) declared that the city of 1,500,000 residents was "recaptured" at 2 o'clock Monday afternoon, seven and a half hours after the final Allied assault began.

It said a "minimum of casualties" had been sustained by U. S. Marine and Army troops and South Korean units in the victorious battle that wrested from the North Korean invaders their richest prize of the war.

A short time before the field headquarters bulletin was issued, Gen. MacArthur's Tokyo headquarters dramatically proclaimed: "Seoul, the capital of the Republic of Korea, is again in friendly hands."

The UN supreme commander said U. S. First Marine and Seventh Army Division troops, plus the 17th South Korean Regiment, "completed envelopment and seizure of the city."

He told of Seoul's Red "garrison," originally estimated to number up to 15,000 troops, fleeing "in disorder to the north."

Above Seoul, MacArthur said, other UN forces from the Inchon beachhead "drove to the northwest astride the Han river to extend the perimeter of defenses."

This advance was proceeding parallel to Korea's main railroad and highway extending 33 miles northwest from Seoul to Kaesong near the 38th Parallel which marks the boundary between South and North Korea.

Earlier Tuesday, the South Korean commander-in-chief, Maj. Gen. (Continued on Page Four)

Clouds and Smoke Mar Eclipse of Moon Here

The moon put on a celestial show last night, but clouds and a pall of smoke cut the view for most residents of this area to a few scattered glimpses.

The first eclipse of the year visible here, and the last until 1953, began at 9:31 as the earth came between the sun and moon, casting a shadow on the moon.

For three and one-half hours the shadow of the earth moved across the face of the moon. Bristolians were able to see the spectacle only when the clouds and smoke, believed to be from Canadian forest fires, thinned for a moment.

OPEN BIDS TO SEED CENTRAL SCHOOL TRACT

**Landscaping To Be Done
And Athletic Field
Laid Out**

PROGRESS REPORTED

DOYLESTOWN, Sept. 26—Bids for grading and seeding of the 10-acre plot recently purchased and which lies west of the present school site, were opened and the contract awarded to Blythe Contractors, for the sum of \$8197.20 subject to furnishing bonds.

Plans for the tract include practice fields for Jr. high and Sr. high football, Jr. and Sr. hockey, two baseball diamonds, having a 350 ft. radius, laid out within the football and hockey fields. There will also be room for the future development of six tennis courts, and for one soft ball field.

A bid for grading alone was placed by Woodrow Wehrung, for \$5875, and for seeding by Sylvan Landscape Service for \$3290.

In a progress report given by the architects, Davis, Dunlap and Carver, they wrote that "it looks now as though the school project will run one month behind schedule by the end of this year, due to slow deliveries of steel and the scarcity of cement."

They also indicated, however that there seemed to be no reason why the time could not be picked up in the Spring, if there were no further delays beyond their control.

"Insofar as comparing this job with others," they added, "we are farther advanced in progress than with any other work that we know of in this general Philadelphia locality."

WORLD NEWS IN BRIEF

Officials of the United States and United Nations were said to have agreed on pursuit of the North Koreans beyond the Thirty-eighth Parallel unless the invaders permitted to turn over all arms to the United Nations and accepted that body's authority until a free government of all Korea had been democratically elected.

Soviet foreign policy is aggressive and disruptive of world peace, Yugoslav Foreign Minister Kardelj told the United Nations General Assembly. That policy, he said, showed its true face in Korea and in pressures against his own country. Dr. Kardelj submitted resolutions aimed at halting an aggressor and solving disputes peacefully. British Foreign Secretary Bevin endorsed in principle Secretary Acheson's proposal for the Assembly to by-pass a Security Council veto in cases of aggression. At today's Council meeting India will urge immediate United Nations membership for Indonesia.

A plan for the economic development of eleven Asiatic countries with 600,000,000 people is being discussed by the British Commonwealth ministers.

Poland threatened not to deliver eggs and bacon to Britain if the British halted shipment of machinery.

President Truman accepted the resignation of Administrator Hoffman of the E. C. A. Mr. Hoffman will serve as a "consultant" to the agency.

1st Group, Red-Captured American Soldiers Released

With U. S. Troops in Korea—The first group of Communist-captured American soldiers to be freed in the Korean war were released from a jail in the vicinity of Yongdong today by American 24th Division tankmen. A division spokesman said the group consisted of three soldiers who appeared "all in good shape" except that they were emaciated and hungry. All asked for food and gulped down "C" rations. The men were Sergeants First Class Frank R. Freede and Blain E. Mackrill, both of the Second Division, 23rd Regiment, and Pvt. James R. Martin of the First Cavalry Division's Eighth Cavalry Regiment. The town of Yongdong is 25 miles northwest of Kimchon and was recaptured today by 24th Division troops.

16 Injured in Austrian "Red" Riot

Vienna—Sixteen persons were injured today when an estimated crowd of 5,000 Austrian Communists, armed with clubs and stones, rioted in the streets of Vienna and tried to storm the chancellery. Three persons were arrested before the police could control the swirling mob which also threatened to attack parliament and completely disrupted traffic along the Ring Strasse. The Red mob besieged U. S. Army Sergeant William Hanley of Asbury Park, N. J., in his auto and completely wrecked the vehicle before the police could rescue him.

80 English Miners Perish in Gas-Filled Inferno

Workshop, Eng.—Eighty English miners perished today in a raging gas-filled inferno 1,400 feet below the surface of the Creswell colliery near Workshop. The victims of one of the worst mine disasters in recent years were trapped in a shaft when a small fire in a rubber conveyor belt and explosion suddenly mushroomed into a death-producing wall of flame and gas. One of ten survivors of the tragedy called it an underground "hell." When the blaze was brought under control seven hours after it broke out, it was learned most of the victims were bunched together at a point 3 1/2 miles from the deepest part of the shaft. They had fled, running and crawling, the deadly fumes and a rapidly advancing wall of fire toward what they believed would be a fire-free emergency exit. But they found that their last hope of survival had been cut off by a suffocating blanket of gaseous smoke that cut them down only yards from safety. Most of the 21 bodies recovered by 2 P. M.—(8 A. M. EST)—were found directly under the mine's water tower.

District Attorney Curtin, Morrisville, Indicates That The Commonwealth Will Not Ask First-Degree Verdict —Youth's Claim Was That He Was Defending His Mother at Time of The Shooting.

DOYLESTOWN, Sept. 26—The murder trial of 17-year-old Allen Pollock, charged with killing his father on July 11th with a shotgun blast, is under way at the Bucks County Criminal Court, here.

Selection of jurors began yesterday as defense attorneys Milton S. Leidner, noted Philadelphia criminal lawyer, and J. Leslie Kilcoyne, Bristol attorney, questioned 27 veniremen. Out of the 27 questioned, six have been selected as jurors.

District Attorney Willard S. Curtin, of Morrisville, who will conduct the prosecution, indicated that the Commonwealth would not ask a first-degree verdict.

Young Pollock, who last week was elected president of the junior class at Hatorbo high school, was at the court yesterday with his mother, Mamie, his sister, and a number of friends. The youth has been out on bail since shortly after the shooting.

The prosecution will charge that Pollock shot his father, Irving, 65, in their Neshaminy home, with a 16-gauge shotgun. The youth told police shortly after his arrest that he fired in defense of his mother, who reportedly was being threatened by the father during a quarrel.

Several other cases have held up the Pollock trial, which will be held before President Judge Hiram H. Keller. Charles T. Colner, of Mechanicsville, head of the art department of a Philadelphia advertising firm, became the foreman of the jury.

**Fire Damages Johnson
Residence, Greenlawn Park**

Fire late yesterday afternoon damaged the dwelling of Mrs. Sarah Johnson, Greenlawn Park, Beaver Dam road and Green Lane, to an estimated \$300.

The blaze, according to Fire Chief Clifford Hagerman, was due to a defective flue.

The Johnson residence is on Miller avenue and the firemen when they arrived found plenty of smoke but were able to extinguish the flames and prevent their further damage.

Although the whole production of "Aunt Silly" is full of laughs and fun, one of the most humorous parts of the evening will be the well-known businessmen's chorus, in which prominent local residents will appear dressed as women. If you see one of your good friends or neighbors in the "Aunt Silly" show, dressed like "Lonesome Sal, The Bicycle Girl," "Honey Bunny Boo," or "John of Ark," remember it's all in a spirit of fun and designed for your enjoyment, and for benefit of fire equipment, building and maintenance. Announcements of other people playing parts in "Aunt Silly" will be given in later editions.

NO TIME TO LOSE

If the national plan for civilian defense seems to have been somewhat tardy in coming to hand, the answer may be found in the report now made public by the National Security Resources Board. Here are 162 pages of closely-knit type. Here are recommendations for meeting every emergency that could possibly arise as the result of air and atomic bomb attack. This was not a task that lent itself to quick completion.

To the board's thesis that civil defense is every citizen's job no exception will be taken. Without the help of many hundreds of thousands of volunteers nothing that the government can do will be of avail in minimizing the effects of an aerial invasion by an enemy power.

With their help countless lives can be saved and an enormous amount of suffering prevented. It is even conceivable that adequate warning of an attack will enable the U. S. Air Force to beat off some or all of the invaders.

As already indicated, the board plainly has done its work well. It stresses the need for careful organization on a state level and for a coordination of efforts under the auspices of the federal government. With the blueprint of the master program thus available, the various states should lose no time in making arrangements to protect the people against the kind of disaster that was visited upon Japan in the final days of World War II. It may be later than anyone suspects.

MACARTHUR CAME TO STAY

A GI who weathered the Anzio beachhead was heard to say that one of his worst moments came when he watched the fleet of assorted ships and craft that brought him and his buddies there sail over the horizon. He said he knew they would be back, but he still felt terribly alone.

Beachhead veterans are well aware that there is little time left over during the initial period of an assault for worry. But the wise veteran always has his eye open for signs that show the beachhead is secure. His best clue is the type of supplies unloaded.

There must have been considerable whooping and hollering the other day around the docks at Inchon, the newest name to be added to a long list of beaches hit and won since 1942. For amid the steady stream of supplies being shuttled ashore was a set of office furniture. Who for? Why, Gen. Douglas MacArthur. He's coming in to stay, you know.

It is easily understandable that from that point on there was little fretting about the status of the battle.

HIGH SCHOOL TEAM OVERWHELMED BY TRENTON CATHOLIC

TRENTON, N. J., Sept. 26—Trenton Catholic's high-powered gridiron machine overwhelmed Bristol High, 32-0, last night at Dunn field before a large crowd.

The far superior Golden Wave eleven scored five touchdowns and made two conversions. Bristol was never within the 20 yard line of the Catholic goal.

Don Wollman, fleet-footed Catholic back, showed his heels to the Bristol team as he romped over the goal-line on three occasions. His runs were for 45, 67, and 54 yards and once loose. Wollman had no trouble in getting away from the Bristol tacklers.

Wollman was given fine interference on his runs, the Catholic blockers doing fine work in clearing the path for the husky backfield star. The other Catholic touchdowns were made by Andy Doran and Bob McCullough.

Only Alan Hulet seemed to gain yardage for the Warriors. Hulet got off for several nice runs and helped the Bristol team chalk up several of its nine first downs. Trenton Catholic had eight first downs.

Bristol made two first downs early in the tilt, one on a pass and another by rushing. It reached the Catholic 23 yard line before losing the ball on downs. After an exchange of punts, Catholic received the ball on its 45 yard line. On the first play, Wollman broke loose on an off-tackle slant and raced 45 yards to score. Koba failed to kick the extra point.

Bristol started a drive after the touchdown and made three consecutive first downs. Accardi was downed on the kick on the 19. Hulet made eight yards and Ericole Petrizzi made a first on the 30. A pass, Harvey Smith to Charlie Rauch netted eight yards and a penalty gave Bristol a first on the 48. Hulet ripped off nine yards but the play was recalled and Bristol suffered a 5-yard penalty. A pass, "Bill" Gratz to Rauch, was completed on TC's 26. However, Wollman intercepted a pass on the 33 and went 67 yards to score.

Bristol muffed a scoring chance in the third period with the score 12-0 against it. "Tex" Giagnacova recovered a TC fumble on the latter's 42. Two plays failed to gain but Hulet broke loose on an end run and ran to the 24 yard line but a holding penalty set Bristol back 15 yards to its 40 yard line. On the fourth down, Bristol tried the "Statue of Liberty" play which was successful but Hulet was 10 yards short of a first down.

On three plays, Trenton Catholic had the ball on the 25. MacCotter carried it to the six from where Andy Doran went over. Wollman tossed a pass to MacCotter for the extra point, making the half-time count, 19-0.

"Reds" McGlynn fell after intercepting a flat pass in the third quarter. McGlynn had a clear field ahead of him when he caught the aerial and slipped to the ground. Later in the quarter, Bristol chalked up two first downs to move the pigskin from their 26 to the 48.

Hulet added nine more yards at the start of the final session but

a 15-yard penalty set Bristol back to the 35. Doran then intercepted on his 46. On the first play, Wollman skirted right end and behind line interference crossed the goal-line. "Bill" Koba place-kicked the extra point to bring the count to Catholic, 26; Bristol, 0.

Bristol started another drive after the kickoff but on the TC 42, Andy Accardi fumbled and Black recovered for the Jersey team. The Catholic team then booted out of their territory. On the first play, Bristol attempted a long pass but Johnson intercepted for TC and ran 15 yards to Bristol's 35. The Jersey team had a 15-yard penalty inflicted on it. Johnson got off on an end run and was knocked out of bounds on the eight. McCollough carried the ball to the 3 and went over on the next play. Koba missed the extra point try.

Bristol plays Pennsbury High in a Lower Bucks County League game Friday night on the Warriors' gridiron.

GEORGE SCHOOL TEAMS READY FOR 25-GAME SCHEDULE

NEWTOWN, Sept. 26—The T formation came to George School this month as Coaches Frank Brown, Eleanor "Pete" Hess and Jack Talbot readied their athletes for a 25-game fall athletic schedule in football, hockey and soccer, which starts October 5.

Coach Brown, filling the head coach post in football for the first time, will have his Georgians running from both the T and the old single wing when they open at home against Sanford Prep School next Saturday. Charles "Dusty" Scudder of Trenton, N. J., captain the gridmen, who average 175 pounds along the front line and 165 in the backfield this fall. Twelve returning lettermen form the nucleus of a varsity squad which will see action with little more than two weeks practice.

In field hockey, Coach Hess welcomes back six varsity players of 1949-50, headed by Captain Nancy Rockefeller of Hampstead, Md. Like the football team, the hockey players face a seven-game slate, journeying to Abington Friends School for the October 5th opener.

Ken Burton of George School captains Coach Talbot's soccer team, which has six returning lettermen and will play an eleven-game schedule, which the coach calls "tough, particularly the opener against Hamilton High and a November game against Girard College." Several practice games were in the cards for this week and next, prior to the Hamilton encounter on Saturday a week.

Following is the fall 1950 schedule for George School varsity teams. Interscholastic contests are also played in all three sports by J. V. cub, and color teams, the latter part of the large girls' squad out for hockey.

U. N. Forces "Mopping Up" Red Stragglers

Continued from Page One

Chon Il Kwon, called on his forces, in a broadcast from Pusan, to "advance all over Korea, including that portion north of the 38th Parallel."

While the victorious liberators of Seoul worked to consolidate and expand their hold on the capital and its surrounding area, Allied forces in the south continued their forward sweeps from the former beachhead front.

U. S. First Cavalry Division troops, racing northwest beyond the recaptured enemy base of Chonju, drove within 35 air miles of a junction with south wing units of the Seventh Division at Osan, 28 miles below Seoul.

Such a junction would seal off the last remaining gap along the "spinal cord" rail-highway route from Pusan through Taegu to Seoul and would trap scores of thousands of North Korean troops southwest of that artery.

Along the extreme south wing of the old UN front, the American 25th

Division jumped off Tuesday morning in a smashing new offensive beyond the liberated hub of Chonju, 53 air miles west of Pusan port which lies on Korea's southeast tip.

A field dispatch quoted a 25th Division officer as saying the fresh drive, together with powerful supporting air blows, had "taken some of the starch" out of bitter Red resistance which had been met north and west of Chonju. The officer added:

"We have them on the run and are knocking them over."
